ABOUT @THEOFFICE

@TheOffice NV, was founded and incorporated in March 2005 to perform Accounting, Management Consulting and related services, in the legal form of a N.V. (Limited Company under the Belgian Code of Companies). There are two partners, Gaby Van Loock and Lode Ilsen who founded the company. Previously they both participated in the financial management of a Belgian listed company.

Our permanent staff consists of certified accountants (IAB), certified accountants (BIBF) and accountant trainees. We can call on an extensive network if we need other skills for special projects.

The majority of our customers are Belgian SMEs of which several are starting to grow internationally. We always supported international clients. While executives abroad manage and control their operations, we take care of the financial administration, payroll administration and taxes for the local entity. We provide our experience and services to branches of international companies. (American, Luxembourg, Canadian, German and Austrian)
