About **Johannes Juara & Rekan**

Our Story

Driven by the desire to be a noticeable accounting firm that professionally guides every business owner in the accounting industry, we established Johannes Juara & Rekan in 2006. Since then, what started as a humble beginning has become a story of success with remarkable achievements. We consistently provide excellent service while staying true to our firm's foundation of integrity and business ethics.

Since the beginning, we have aimed to be acknowledged as one of the accounting firms in Indonesia with a great reputation and notable quality, helping every client that crosses our path to successfully achieve their business goals. Our outward focus is balanced inwardly; we also aim to be a great career incubator for every employee and prioritize integrity and ethics in running our daily operations.

Partnering for Success

To further enhance our capabilities and offer a wider range of services, we established PT JPJ Konsultama, specializing in finance and management consulting. Through this company, we can provide our clients with more comprehensive and integrated solutions, ensuring all their financial needs are met with a single, dedicated team.

Our Values

We stand for these five corporate values, which have become a remarkable culture for everyone who experiences our excellent service, whether as a client or as an employee: Integrity, Trust, Accountability, Quality, and Commitment to Clients. With these strong values, we can be your trusted accounting firm, not only for excellent performance but also for our commitment, competitive rates, and dedication to always being available and responsive to each client.
