◆ Introduction ◆

Bob is an experienced director and certified public accountant. He has been CEO of the Countus Group since 2014 and also works as a public accountant in the audit practice.

Countus has been the accounting firm of the future since 1924. It is an affiliated group with more than 550 employees, 26 branches, more than 15,000 clients, an annual turnover of € 50 million, a balance sheet total of approximately € 25 million and a solvency of almost 70%.

The group offers integral consultancy and accounting services to entrepreneurs and companies in the Netherlands. It is there for its clients at every stage of their lives.

The core values of Countus are: Close by; Expertise; Real Dutch; Togetherness

Part of our DNA is that we do not strive to maximize our own profits, but seek the best result for the customer. Countus does not have an equity partner structure, but works from the philosophy that healthy profitability must be achieved for the continuity of the company. This also means that all employees at Countus can become co-owners.
